## Canner Parts

| <b>Part</b>                            | <b>Price</b> |
|--|--------------|
| Chuck                                  | \$70.00      |
| ER 16 Bearing                          | \$25.00      |
| End Cap                                | \$4.50       |
| Destaco                                | \$42.50      |
| Lower Base Plate Stem Assy. (no plate) | \$26.00      |
| Lower Base Plate (no stem assy.)       | \$24.00      |

## Electrical

| <b>Part</b>            |  |
|------------------------|--|
| Motor                  | Price varies according to what is available. |
| Capacitor              | \$10.60                                      |
| Cord                   | \$9.60                                       |
| N/O Push Button Switch | \$9.30                                       |

## Handle

| <b>Part</b>   |          |
|---|----------|
| Triangle (This triangle is used with a threaded handle. To convert your machine please look at the next table.) | \$18.00  |
| ½" Threaded Handle  | \$18.50  |
| Black Plastic Ball  | \$4.50   |
| Shoulder Bolt   | \$4.50   |
| 1 <sup>st</sup> Operation Roll w/ Bearing   | \$115.00 |
| 2 <sup>nd</sup> Operation Roll w/ Bearing   | \$115.00 |

## Torque Arm Conversion

Many customers have asked about converting their canners to use a torque arm. You will need to buy both the torque arm and the triangle to make this possible.

| <b>Part</b>             |         |
|-------------------------|---------|
| Triangle for torque arm | \$18.00 |
| Torque Wrench           | \$35.00 |

**99% OF ALL MACHINES CAN BE REPAIRED AND IF NEEDED SENT BACK TO US FOR THOSE REPAIRS.**

**The parts on the first models may be slightly different.**

*Prices subject to change.*
